International Workshop on Cryptography, Robustness, and Provably Secure Schemes for Female Young Researchers (CrossFyre)

May 10, 2020 - Zagreb, Croatia
Co-located with Eurocrypt 2020

CONCEPT

The CrossFyre Workshop brings together young researchers in the field of Cryptography and Information Security to help them to promote their research. An additional aim is to raise awareness among participants on gender-equality, to present the outcome of relevant social studies on the topic, and to discuss possible measures for improving the current situation. We encourage everyone to join the event regardless of their gender. We also welcome undergraduate students to this workshop, and strongly encourage supervisors to support their students' active or passive participation.

ORGANIZATION

The workshop is organized by the Digital Security group from Radboud University, Nijmegen, the Netherlands, and the Security of Advanced Systems research group from the University of Sheffield, UK.

CrossFyre is co-located with Eurocrypt 2020, in Zagreb, Croatia. It takes place on May 10, 2020.

The event has been organized annually since 2011, more information online: <http://crossfyre20.cs.ru.nl/>
